ANSWER CHOICES	RESPONSES
Make no further investment in the structure. Remove the structure and install an interpretative sign discussing the mill and its former use.	29.91% 32
Invest in the mill to stabilize the structure. There would be no public use of the structure. The structure would be a visual asset and an interpretative sign would be provided to discuss the the mill and its former use.	37.38% 40
Repair the mill so that the structure can be used. Repairs must comply with public use standards. List suggested public use ideas for the mill below.	32.71% 35

5	Not enough things to do at the current parks. Exercise stations, disc golf and other low maintenance options added to these sites would make them more useful. Stuart Parks proximity to Pine Rd I find is an issue for child safety. Lindenwood is in a wide open area with plenty of area for development. The cost of fixing up the mill I don't feel would cost effective. At one time I'm sure it was neat building but it's been in disrepair for so long it's not worth the time or money.	11/12/2020 6:02 PM

16	There are many other great places to explore in the area; we would use lindenwood if there were some other features.	10/26/2020 12:37 PM
17	nothing, visit nearly every day to walk/jog around path and enjoy nature	10/26/2020 10:48 AM
18	My family and I visit Stuart regularly. As for Lindenwood, we go there for the occasional walk. Thats really the only thing that is offered there. We have went here however to fly kites.	10/26/2020 9:16 AM
19	Lindenwood has the space for the uses that interest us most, but they have yet to be developed	10/26/2020 9:01 AM

Stuart Park and Lindenwood Park Master Plans - Dickinson Township, Cumberland County

20	Would love a walking/shared use path on Pine Road to connect residential areas to Stuart Park and Kings Gap. I don't want to have to drive to these parks to feel safe getting there.	10/23/2020 1:08 PM
21	We already have Kings gap, Laura lake, pine Grove furnace, application trail, stop wasting money to maintain and build theses parks. Fix the roads and mow along the sides of the roads instead of mowing the parks. This is not south Middleton township.	10/20/2020 10:35 PM
22	Distance from our home	10/19/2020 3:54 PM
23	We often visit Stuart Park but didn't know about Lindenwood Park	10/17/2020 8:25 PM
24	No bathroom facility	10/16/2020 5:38 PM
25	I live nearby and don't have as much need to use the picnic pavillion as others might. But I do take grandchildren to the park to wade in the stream or play on the playground equipment when they visit from out of town.	10/14/2020 7:48 PM
26	To far away	10/14/2020 5:20 PM
27	We use the parks for the amenities that they currently offer	10/12/2020 9:00 PM
28	I don't know where the linden wood one is at	10/12/2020 5:35 PM
29	There is nothing at lindenwood.	10/11/2020 3:20 PM
30	I primarily drive to these locations to walk my dogs	10/10/2020 9:32 PM
31	Not much there besides fishing currently. Would use if there were more resources.	10/9/2020 9:56 PM
32	no pickleball or volleyball	10/9/2020 5:17 PM

1	You won't listen to the residents when management does not live in the township.	1/25/2021 10:08 PM
2	I hope you plan on building Linsenwood Park soon! It's a large part of why we purchased a lot in Lindenwood.	1/25/2021 9:45 PM
3	A large flagpole should be focal point at both parks to express American pride and honor military and constitution. Spring meadows and south middleton parks are excellent park examples with flagpole, great paths, open recreation areas, playgrounds, benches, bluebird boxes, restrooms, pavilions, parking. Preserve nature with trees, bluebird houses, bee hives.	1/21/2021 10:21 PM
4	I believe there is a lot of potential for both of these areas. Lindenwood Park has a nice walking path layout. If it had an accesible child's playground, I would take my grandchildren over there. Stuart Park has a fair playground area (and I have taken my grandchild there), but there are no 'real' walking paths with crushed stone surface.	1/21/2021 6:54 PM
5	Instead of grass banks along the Yellow Breeches at Stuart Park, there should be a riparian barrier to prevent erosion, run-off. And trees and shrubs along the stream should be allowed to grow to provide shade to the stream and cover for the wild Brown Trout that are in the stream. A manacured bankside is not healthy for the stream and flood protection.	1/10/2021 1:22 PM
6	Lots of potential at Lindenwood Park. It would be nice to see the walking path enhanced (better material) and maintained on a regular basis. More paths can be cut through the center section as well	12/16/2020 9:54 PM
7	Please add shade to the playground and ad bathrooms not just a port potty	12/5/2020 10:52 AM
8	A paved path around Lindenwood Park would be "greatly" appreciated. Thank you.	11/21/2020 1:56 PM
9	I helped design the successful disc golf course installed at Spring Meadows Park in Boiling Springs. If residents support a disc golf course at Lindenwood Park I would be glad to work with my co-designer again for free. Contact me at steimann@dickinson.edu (Matt). Full disclosure I am a resident of Penn Twp on Lebo Rd. Thanks	11/12/2020 9:47 PM
10	Save money. Save taxes.	11/12/2020 8:19 PM
11	Developing the parks would be an asset to the township. We travel to Pine Grove Furnace regularly to walk and ride our bikes. It would be nice to have recreational facilities right here in the township.	11/12/2020 6:04 PM
12	I would like to see an expansion of dedicated pickleball courts. As well, the barn space for Indoor pickleball courts would be so amazing.	11/8/2020 5:42 PM
13	Pickleball would be the best improvement! It is the most upcoming sport for all ages!	11/8/2020 5:16 PM
14	Pickle ball courts are needed	11/8/2020 3:55 PM
15	Pickleball! Currently live in Kings Gap. Drive to Carlisle about 5x a week to play Pickleball at LeTort Park. The Pickleball courts there were just expanded. I know folks who drive from Camp Hill, Newville, and Dillsburg to play there. The sport is expanding tremendously. There are no courts in Dickinson or S. Middleton. Believe me, if you put at courts there (at least two would be nice) people WILL come. Some evenings we have over 20 people on the LeTort courts. They had two courts and added lines for three more. Two are over the tennis court. You can line the courts for both tennis and Pickleball. From the internet "Pickleball has enjoyed an estimated 385% percent increase in numbers of places to play since 2010." AND, when people see other people playing they ask, "I've heard of this sport, what is it?" Frequently you'll see	11/8/2020 1:32 PM

them on the courts later. Pickleball does not take as much exertion as Tennis. Probably half of the players in Carlisle are at or close to retirement age. The sport attracts good people, have made many friends and it is good for the community!

16	The fact that I've lived in Dickenson township for almost 4 years and i spend a lot of time outdoors and at area parks and never knew of Lindenwood baffles me. people can't utilize public space they don't know of.	10/30/2020 12:19 PM
17	Develop the 40 acres at Lindenwood. Leave Barnitz as is and tear down old mill which is costing too much.	10/30/2020 5:34 AM
18	Lindenwood Park is full of large rock at or just below the surface and would be absurdly expensive to try to create any kind of 'flat field' space. This park should be reserved for only natural terrain activities. The current practice of leasing most of it out for farming provides township funds for other purposes and should be continued.	10/28/2020 6:15 PM
19	Put the parks on 'hold', FIX our ROADS,,,,then go back to the parks !!	10/27/2020 6:31 PM
20	I would love to see a Veterans memorial dedicated to the Veterans of Dickinson TWP and would be willing to spearhead the project.	10/27/2020 10:32 AM
21	Thanks for doing this! I'm excited to see the results!	10/27/2020 6:46 AM
22	Baseball fields at Lindenwood Park would be great! More fields are needed!	10/26/2020 10:45 PM
23	This area needs tennis/pickleball courts! That would be awesome!!	10/26/2020 3:40 PM
24	All for Lindenwood: Some concern about developing the park at Lindenwood due to cars racing down road, safety of school students next to park, where people would park for sporting events, people loitering in evenings after park closes, and who will maintain the park to keep it nice. It would be nice if more could be done to maintain the current walking path as it is overgrown in many areas and water run off makes it uneven in several areas as well. Some people use the gravel parking lot in evenings/weekends to do "donuts" which tears up the parking lot.	10/26/2020 2:02 PM
25	Lindenwood is ripe for more physical activity...bike or skate park or fields. Kids would love to go from school to the park.	10/26/2020 12:41 PM
26	Do things in an affordable manner. Don't go overboard. Provide pavilion with shade and tables for sitting, eating, relaxing. Please be dog friendly.	10/26/2020 12:06 PM
27	Having sports games in these parks will cause people not from our area to come and could cause trouble in our quiet neighborhood. At the moment we don't have much crime and if you put all these things in the parks it may cause trouble. Plus one is by a school where young children are at all day. We need to think of our children. This is a farming area also and People coming in for sports or from in town don't respect the farmers and their fields.	10/26/2020 11:02 AM
28	Would like Lindenwood Park to remain a park with whatever park amenities meet the needs of the most people. Am hoping Lindenwood Park is not sold to a real estate developer to put homes on.	10/26/2020 10:50 AM
29	Restoring the mill would be a great asset to our township. I feel support could be gained from historical societies and money could be raised through fundraising. It would be a great endeavor and would take several years, but in the end it could be a wonderful place for everyone in the county. In time it could become a source of revenue for the township through facility rentals.	10/26/2020 10:14 AM
30	With Stuart Park so close to the Yellow Breeches - it's function and theme should be "nature" and "conservation" focused; with Lindenwood sitting on such wide open land - its function and theme should be "activity" focused (I.e. open playing/athletic fields and trails like the Boiling Springs park)	10/26/2020 9:54 AM
31	These parks both have their unique situation. Stuart is close to the Yellow Breeches, which should have some focus on fishing. While Lindenwood is out in th open country. Which my family currently use it to fly kites.	10/26/2020 9:47 AM
32	I did not answer question #3 because there was not an option that fit for my explanation . My family and I visit Stuart regularly. As for Lindenwood, we go there for the occasional walk. Thats really the only thing that is offered there. We have went there however to fly kites.	10/26/2020 9:18 AM

Stuart Park and Lindenwood Park Master Plans - Dickinson Township, Cumberland County

33	Stuart Park is much loved by our family as it's somewhat of a hidden gem. I would hate to see it significantly developed and crowded.	10/26/2020 9:12 AM
34	Barnitz Mill should either be removed and memorialized or restored to a state that could be used for public access. It could be an event venue with historical information inside for education about mills of that era, but the amount of funding that would be required to restore it to that level, I imagine, would greatly reduce the capacity to create functional areas in the parks, which, to me, would tip the scales towards removal.	10/26/2020 9:04 AM
35	Mill needs to be taken care. We are losing to many historical builds	10/23/2020 7:28 PM
36	I think the bulk of the investment should be in Stuart Park to rehabilitate and use the historic structure. It could be a cultural meeting center for the arts and cultural/natural instruction. I don't support investment in Lindenwood Park because it feels like a private park for the nearby residents and school students. I don't want the parking expanded since Dickinson School Road would experience more traffic and does not have the infrastructure to support extensive attendance at athletic events, etc. There are plenty of other sports fields in the area which children/leagues etc. may utilize. I don't think residents should bear the costs of any new improvements; sports leagues should invest in these facilities. Lindenwood works best as a passive recreation area.	10/23/2020 1:12 PM
37	Get rid of the parks and fix the roads this also applied to snow plowing.	10/20/2020 10:37 PM
38	I walk regularly at south Middleton. It would be wonderful to have walker trails that doesn't have to be looped to get a few miles.	10/19/2020 4:17 PM
39	Dogs allowed every where with leash law	10/19/2020 3:57 PM
40	Please keep them as they are! We love these facilities and they are perfect as is!	10/18/2020 4:38 PM
41	Save money. Quit spending. The parks are awesome just as they are.	10/18/2020 4:32 PM
42	We walk regularly on the trail at the South Middleton Park and it would be nice to have something comparable here in Dickinson Twp. But I think the most important thing right now is not to build anything new that the township cannot maintain.	10/14/2020 7:50 PM
43	For Lindenwood, I'd like to see more regular maintenance of the trail.	10/13/2020 11:38 AM
44	I would prefer that Stuart remain a nature focused facility while Lindenwood is developed into a family/sports park.	10/12/2020 9:02 PM
45	This is a unique area with unique needs/wants - please don't be afraid to get creative and think outside the box of what is typically found in surrounding townships. How can our parks co-exist and support active programming at PGF and Kings Gap?	10/12/2020 4:52 PM
46	Instead of enhancing the parks, the taxpayers money should be spent on the deteriorating township roads, where two cars can not pass each other!	10/11/2020 9:52 AM
47	I'd prefer to see enhancements with the least amount of impact to the environment and structures that compliment the landscape rather than an imposing eye sore of flat monocropped areas. I'd love to see pollinator gardens introduced.	10/10/2020 11:06 PM
48	Important Convenience Amenities: parking, toilets, trails, trash, doggie pop bags.	10/10/2020 9:34 PM
49	Thanks for doing this! Really hoping the parks get some investment. I think dickinson township needs something like this within our neighborhoods!	10/9/2020 9:57 PM
50	Either of these parks would provide a perfect area for a skateboard park in the Carlisle area.	10/9/2020 3:59 PM
