New Employees / Appointees

Lisa Feerrar is very pleased to join the Zoning Hearing Board of this exceptionally beautiful place where we live. Although she wasn't born and raised in Cumberland County, she has an immense appreciation for the beauty, the history, the culture, and the people here. She is a retired English teacher from Lancaster County who traded in grading papers for life on a tiny farm in Dickinson Township. It will be an honor and a pleasure to serve the residents of this lovely area that is our home.

Michael Karli is a 6-year resident of Dickinson Township. He is currently employed with the State of Pennsylvania in their casino gaming division. His hobbies include guitar, landscaping and securities trading. He recently was appointed as an Alternate Member of the Zoning Hearing Board.

Rob Staley, born and raised in Adams County, enjoys the outdoors, car shows, and old tractors. He worked for Carlisle Borough Parks and Recreation and Public Works for 18 years and is now looking forward to serving Dickinson Township as a member of the Public Works Department.

Brian Kunkleman has recently joined the Public Works Department.

Angelique Cianci-Hartman has recently joined the Parks & Recreation Board.

Comprehensive Plan Update

The Planning Commission completed a full rewrite and has significantly reduced the size of the document. They have removed a lot of redundant information and organized the document so that it is easier to read. The Board of Supervisors adopted the Plan Update on October 17, 2022.

All meetings are held at the Township Municipal Building at 219 Mountain View Road in Mt. Holly Springs, PA 17065.

Parks & Recreation News -

The Dickinson Township Parks & Recreation Committee have a completed a Master Site Development Plan for both Stuart and Lindenwood Parks, which will be used as a guide for future recreational needs. A restroom/storage building has been completed at Stuart Park. Improvements are being made to the Yellow Breeches stream bank through a revitalization grant, as well as a vegetative management grant which includes the planting of numerous trees. Events are beginning to be held such as the Bowling Night, Yard Sale, Fishing Derby, Ice Cream Social and Fall Fest. Watch the Township website for information and flyers.

Volunteers are needed to serve as members on the Park & Recreation Board, as well as assisting with the various events being scheduled. If you, or someone you know is interested, contact the Township Office. Get involved!

Winter Tips

- ◆ Refrain from placing snow on roadways.
- ◆ Allow extra traveling time
- ◆ Stay back from plow trucks at least 100 feet

A Note from the Township Manager -

Larry Barrick, Jr.

As with every other business in the United States, Dickinson Township has been burdened with staff shortages and delays in product deliveries that affected timely road project completions. Thank you to all our Residents for your patience and continued support and understanding !! As it stands today, the Public Works crew is fully staffed and on track to play catch up with some overdue projects. Please welcome Rob and Brian as the two newest crew members. Please remember that the newly adopted PA Move Over Law applies to Township Public Works crews as well.

As the weather seems to be turning cold quickly, we must brace for a cold and a predicted wet winter. Our crew will begin winter maintenance preparations and you can expect to see them out making dry runs of their designated plow routes in the near future. Please remember to provide them plenty of space when following or approaching their plow trucks. To help relieve aggravation towards our plow truck drivers, please remember to plow a drop off zone to the left of your driveways as you exit (See diagram above). Developments require a minimum of two passes and the follow-up passes may need to be completed at a later time or day depending on storm conditions.

In closing, remember to keep an eye on the Township website for updated information on Roads, Township meetings, events and etc.

Stay well and drive safe this winter !!!!!

Municipal Recycling Program

Recycle Right means "Clean" Recycling

While recycling is the first step in the process, it's important to put materials in the cart or bin that actually belong there. Most importantly, we need your help to reduce the contamination of clean recycling materials by separating those with organic material on them. Know before you throw! Check the Township website.

Combine #1 - #7 plastics, jars, aluminum and steel food containers. Please wash all plastics, and metals, remove all caps/rings before you recycle them.

Rinse plastic and metal containers to remove as much organic residue as possible.

The Five Steps to Safer Digging

DRIVEWAY REQUIREMENTS

* * * REMINDER * * *

Driveway permits are required for all new driveways and for any existing driveway that is being resurfaced if it connects to a public road. These driveways must be constructed to allow water to drain off before entering onto a roadway. Permits must be obtained before any work can begin.

Septic Pumping/Inspection Reminder

The Township staff has forwarded the second pumping reminders of the year in September to residents who still need their septic systems pumped in 2022. It is required that every owner of an individual sewage system have septage or other solids removed from the treatment tank at least once every 3 years. Proof of pumping and/or inspection shall be provided by the owner of the individual system within 30 days of the date of service to the Township, along with the required \$10 septic inspection fee, which helps to offset administrative costs. Please visit www.dickinsontownship.org for more information, including required forms and a list of approved septic haulers.

The alternative is to have a Registered Septic Hauler or Inspection Company perform a "sludge test" to verify there is no more than 1/3 of the capacity of the tank filled with solids. If this is the case, you will receive a waiver from the pumping requirements until the next 3 year cycle. A report must be submitted for the solids inspection, along with the \$10 inspection fee.

REFLECTIVE HOUSE NUMBER SIGNS

Purchase through the Township

Price—\$23.00 (Vertical or Horizontal)

Residents shall comply with Ordinance 2 of 1996 which requires properties to be identified with a number placed to clearly identify the location, in an effort to assist the emergency services in locating you.
