- b. A link to the stream bank improvement project on the township website
- c. Information about renting Stuart Park

- d. Asking for likes/dislikes, suggestions and public comments on recreational needs.
- e. Urging people to check out the township Facebook page
- f. Fun facts on the native species found at the park
- g. Gather ideas of other types of recreation, such as bowling night
- h. History information

Chairwoman Quigley reported that Kings Gap is willing to bring ice cream for the day. She will continue to be in contact with the Friends of Barnitz Mill and their interest to set up a table.

The layout of the flea market spaces will be marked on Thursday, April 18, as well as placing the QR code signs and any other set up that can be done in advance. An email will be sent out to the members closer to the date with a specific time.

Members are to report to Stuart Park on Saturday, April 20<sup>th</sup> at 8:00 AM to assist with set up, pointing vendors to the proper spaces, and to get a parking plan established.

Ed Rosenberry will provide the history information in a form that can be used to create a QR code.

Public Works Director Glenn Kelso stated he contacted several agencies, but none were available to participate on such a short notice. There is a possibility that Ben Mummert with Reflorest may be able to participate.

The Board agreed to mark off an area for parking and to encourage the fishermen to use the lower parking lot on the day of the event.
