The Public Works Report, as prepared by Glenn Kelso was provided to the Board and acknowledged. There was a lengthy discussion about the security at Stuart Park. The Board agreed to request motion lights and cameras that can be remotely accessed be added to the pavilion and front stone parking area, and that price quotes be secured by the Township staff for consideration in the 2025 budget.

The Board discussed the lack of development at the Lindenwood Park and suggested a new survey may be needed and the Comprehensive Master Site Plan be updated, especially if the tract of land owned by the school becomes available to the Township. Mike Shenk suggested the fitness stations be included in the 2025 budget and installed next year. They would have minimal impact on the cut and fill plan, but would provide an addition to the recreational opportunity at Lindenwood Park.

OLD BUSINESS

1. Bowling Event

Midway Bowling is super pumped to work with the Township. The cost is \$35 per hour per lane for six people, and includes shoes. Thursday evening has the least dense use with no leagues. There is also the option of renting the duck pin lanes where no bowling shoes are required and is youth friendly. Duck pin lanes are \$30 per hour per lane. The idea of providing a food voucher was also suggested, as well as checking to see if music could be provided.

Mike Shenk motioned to scheduled a Bowling event to be held at Midway Bowling on February 6, 2025, with a snow date of February 27, 2025 and to spend no more than \$2,000 for renting lanes. Depending on how many lanes would be available, consideration would be given to rent lanes for a 2 or 3 hour time frame. Pre-registration would be required, and the Park & Recreation Board would finalize the registration list and lane placement to ensure there are six persons per lane to maximize the number of participants. Ed Rosenberry seconded the motion and it passed unanimously.
